

CAPABILITIES SUMMARY

VALUE PROPOSITION TO THE DEFENSE LOGISTIC AGENCY

Flexibility. Provide small and mid-sized specialty fabricated metal parts manufacturing.

Compliance. Comply with Buy-American Act.

Creativity and innovation. Perform value-added functions, to include:

- Help design parts
- Create design concepts, e.g., make one spring instead of two springs
- Testing
- Value engineering

PRODUCTS AND SERVICES

Core Services

- Springs
- Clips
- Fasteners
- Metal Assemblies
- Sub-Assemblies
- Wire Framing

Other Services

- Custom Parts
- Special Geometry
- Special Materials

Note: All Design And Tooling Is Done In House

NAICS CODES

332613 Springs, Precision (except clock, watch). Light Gauge. Made from purchased wire or strip (Primary)
